

TO RESUME THE FIGHT

Negotiations For Peace
Have Failed.

ASKED THREE MONTHS'
ARMITICE.

General Otis Abruptly Refused
the Request.

YORKTOWN'S CUTTER CREW IS
CAPTURED BY SPANIARDS.

Feeling in Manila That Peace Would
Come as the Result of Filipino
Overtures Is Being Dispelled.—Reb-
els Strengthened Their Lines Where-
ever It Was Possible.—Americans
to Begin a Forward Movement in
Northern Provinces.—Troops En-
counter Insurgents Who Raise the
White Flag and Explain That They
Had Orders to Stop Fighting Pend-
ing Negotiations for Armitice.

Manila, May 3.—[Special]—Negotiations for peace have failed.
The Filipino envoys had another conference with Gen. Otis this morning and made practically the same old propositions. They also asked three months' armistice to cover the entire Archipelago. Otis abruptly refused the request and the conference then and there terminated.

The feeling in Manila that peace would come as the result of Filipino overtures is being dispelled.

Reports continue to come in which show that the Filipinos are strengthening their lines wherever it is possible. A forward movement by the Americans in the northern provinces may be expected.

Captured By Spaniards
Washington, May 3.—[Special]—Dewey reported this morning that all the Yorktown's cutter crew were captured by Spaniards with the exception of seven, now at the Filipino headquarters at Faintedro.

The news received at Washington.
Washington, May 3.—[Special]—The news from Manila regarding the failure of the peace negotiations came as a surprise to the war department.

The campaign will now be pursued with utmost vigor and it is not likely that the rainy season will offer any perceptible check to aggressive movements by the Americans.

LAWTON RESUMES ADVANCE NORTH.

Insurgents Fail to Return Fire—Instead Raise White Flag.

Manila, May 3.—[Special]—Lawton resumed his advance to the north today, marching from Baling.

At Pulilan yesterday the troops of the Fourth cavalry encountered a small body of the insurgents, who failed to return the fire of our soldiers. Instead they raised a white flag, and in the parley which followed explained that they had orders to stop fighting pending the negotiations for an armistice, but the Americans gave them a half hour to get away.

A Spanish prisoner brought into the American lines says that Hale's brigade inflicted terrible punishment on the Filipinos during the fight at Quinquela last week. He states that more than 200 of the Filipinos were killed.

The supply ship Cleveland has arrived at Manila bay.

Manila, May 3.—The second conference, held this morning between Gen. Otis and the Filipino emissaries, Col. Manuel Arguelles and Lieut. Jose Bernal, terminated without any definite results.

The Filipinos desired a little time in which to summon congress and express themselves as being confident that the congress will decree peace, because the people desire it. They represent that Aguinaldo is without power to surrender the army and that the congress must decide that question. Gen. Otis demands immediate surrender.

PRESIDENT EXPECTS PEACE.

Otis' Reports Are Considered to Show the War's End at Hand.

Washington, May 3.—President McKinley talked with his official callers before the cabinet meeting Tuesday about the prospects of peace in the Philippines. It is believed that some advices from Gen. Otis have been received enlarging upon the propositions which were submitted by the Filipino delegation and which have not yet been made public and which give the officials additional information concerning the situation.

The president expressed the opinion that the end was in sight and said that he believed that the Filipinos will not hold out much longer. He regards the conditions as most hopeful.

The fact that negotiations for peace

are in progress has stopped an order of calling out the 35,000 additional volunteers.

Disavows Peace Negotiations.

London, May 3.—Representatives of the Filipino junta say that they have received a telegram from Aguinaldo, dated April 30, in which he states that his government has nothing to do with the present peace negotiations, which, he asserts, are being conducted by a group of half-castes and crooks who are anxious for peace in the expectation of getting high offices under a new government. Several of these men, Aguinaldo says, are members of the Filipino congress, where they are endeavoring to outvote him. Aguinaldo disavows the present negotiations and adds that under no circumstances will he accept an American protectorate.

Lawton's Men Capture Baling.

Washington, May 3.—The following cablegram was received by the war department shortly before midnight: "Manila.—Adjutant-General, Washington, D. C.: Gen. Lawton's column, passing westward from Norzagaray, captured Baling and villages in vicinity yesterday, scattering and pursuing 1,600 insurgent troops. His only casualties two wounded; insurgent loss several killed, large number wounded and captured. Numbers not stated. Have open communication with Lawton via Malolos by means of Hale's troops and detachments from city. "OTIS."

Has a List of the Prisoners.

Washington, May 3.—The war department has received the following dispatch from Gen. Otis: "Manila, May 3.—Adjutant-General, Washington: List prisoners in hands of insurgents just received, shows Lieut. Gilmore and seven enlisted men navy lost from Yorktown, and six enlisted men army, three of the six wrongfully arrested in January before hostilities commenced, all reported to be doing well."

"Besides the above two men in hands insurgents."

"South and Capt. Rockefeller still unaccounted for. "OTIS."

Claims Left to Otis.

Washington, May 3.—It is stated at the war department regarding the Berlin cable about German property at Iloilo, said to have been destroyed during the bombardment of that town, that the matter has been left almost entirely in the hands of Gen. Otis. The claims of the Germans for damages have been made the topic of correspondence and Gen. Otis has indicated that he would make an investigation and, if it was found necessary, report to the war department. So far the state department has taken no part in the matter.

Stricken in the Philippines.

Washington, May 3.—The names of twenty-four American soldiers stricken in battle or by disease were cabled to the war department by Maj.-Gen. Otis Tuesday. Of these twelve died from wounds received in action, four were "accidentally drowned," presumably while fording some of the Philippine rivers during the advance on Calumpit, while eight fell victims of disease.

Cannot Long Delay Pacification.

Madrid, May 3.—In official circles, which derive their information from Capt.-Gen. Rios' cables to the government, the impression prevails that the pacification of the archipelago cannot now be long delayed after the decisive rout at Calumpit.

Madison, May 3.—[Special]—Both houses held short sessions this morning, but they were given up to complimentary speeches and the presentation of remembrances to the presiding officers. A recess was taken by both houses until this afternoon and in the assembly the newspaper representatives and members of the (third house) held a mock session.

When adjournment occurs tomorrow there will be only a few of the members present.

Madison, Wis., May 3.—Gov. Scofield Tuesday appointed Judge Norman S. Gilson of Fond du Lac the third member of the new tax commission, which is to serve ten years. The senate immediately confirmed the appointment and, in view of the eminence of the appointee, raised the salary from \$3,000 to \$4,000, the same as the first assistant. Judge Gilson is a democrat.

Both houses were in session nearly all day. A number of important bills were killed, among them the Stout bill providing for an elaborate system of state forests, the Harris bill taxing all ice shipped out of the state by nonresidents 10 cents a ton, the Martin caucus bill requiring all towns to hold caucuses on the same day, and the bill to allow fire insurance companies to go into court and litigate over adjustments.

Since the killing of the Orton bill taxing railroads the committee on assessment and collection of taxes had drawn up another increasing the tax about \$130,000, but the senate refused to allow its introduction.

St. Louis, May 3.—Trusts operating as corporations in Missouri cannot collect accounts from their debtors. This was decided by the Circuit Court of Appeals in a decision rendered here Tuesday. The decision was unanimous.

Green Bay, Wis., May 3.—Samuel Ferguson, held on suspicion for the murder of Mrs. Bridget O'Donnell, found dead in East River last week, was released this afternoon on motion of District Attorney Cody, the evidence not being strong enough to warrant Ferguson's further detention. The coroner's inquest returned a verdict of murder. Testimony was introduced confirming the story of Mrs. Ferguson, as to the quarrel between herself and her husband, and his threat against her life, but nothing was introduced establishing the claim that Ferguson killed Mrs. O'Donnell under the impression that she was his wife.

All the Suits Dropped.

Appleton, Wis., May 3.—Supt. Holcomb, of the Fox River Valley Electric Railway company, says that the announcement that his company was seeking right-of-way from Kaukauna to De Pere is not altogether true. All that the company plans to do this year, he says, is to build from Appleton to Kaukauna with a possible line to De Pere, a year later. This possible line is the reason of the company's application for a franchise through Kaukauna. Even the preliminary surveys for the Kaukauna-De Pere line have not as yet been made.

Madison, Wis., May 3.—[Special]—One of the first effects of the anti-pass law was the purchase today by the board of control of \$750 worth of mileage to be used by the members in traveling about the state on their official duties. FINDING OF BODY IN RIVER AT LINE CITY

MORE COMPLETE DETAILS OF HORRIBLE DISCOVERY.

Protruding Feet Attract the Attention of Boys While Fishing, and Results in the Discovery of the Corpse of Charles A. Cox, of Troy—Cause of Death Unknown.

In speaking of the discovery of the body of Chas. A. Cox, found in the Rock river near Beloit, the Daily Free Press, of that city has the following to say:

Rock river gave up her dead this morning and the body of a middle-aged man was discovered near the willows. The corpse had the evidence of having been in the water for a week or more and has been identified as the body of Charles A. Cox of Troy, Wisconsin.

While rowing down the river this morning Charles Gardner, son of F. N. Gardner, discovered the feet of a man protruding above the surface of the water among the willows on the east side of the river just above the mouth of the Turtle. The boy was badly frightened and hurried home and reported his find to Marshal Appleby who went down at once and pulled the corpse out of the water.

The body had the appearance of having been in the river for at least three or four days and the face was fearfully distorted. The tongue protruded almost two inches from the mouth and the throat was horribly swollen and disfigured. There seemed to be a wound on the top of the head, although the mud which coated the body makes this uncertain. The corpse was clothed in a veteran's blue suit in good condition and the feet were encased in new shoes. The exact nature of the wound will be ascertained at the inquest.

Marshal Appleby made a thorough search of the pockets of the dead man and discovered a bundle of pension papers, all addressed to Chas. A. Cox, Troy, Walworth county, Wis., except one which was addressed to Mayhew, Wis., and bearing the post date of April 10, 1899. Among the papers was the victim's original discharge, showing that he had been a member of Co. H, 11th Wisconsin Volunteer Infantry during the civil war. In one of his vest pockets was found a tax receipt dated April 27, 1897, by the county treasurer at Elkhorn, Wis.

The relatives of the dead man, who were expected to come from Troy at 3:25, failed to arrive, but will come at 6:45 this evening.

The only unsolved problems in the case are how the body came to be in the river and what has become of his money.

Beloit Police Arrangement.

Marshal Appleby, of Beloit, has established police headquarters at the police court. A telephone has been put in, and policemen and police wagon will usually be near the office, so if an officer is wanted ring up the police station.

Marshal Appleby has appointed Fred Smith, son of Mayor Simon Smith, a patrolman according to instruction from the council last night, and he will do duty on the west side of the river. Rhody Scheibel will give special attention to the east side business part, and with the night watchman and constables the city will have pretty good police protection.

Until the new patrol wagon is ready the marshal will provide a carriage for police work.

WEIGH UNITED STATES MAIL

Railway Mail Clerks Running Into Janesville Have Been Busy

Railway mail clerks running into Janesville on both the Milwaukee and the Northwestern railroads have been busily engaged of late weighing the mails in their charge.

In one end of each car is a pair of scales on which the pouches of mail are placed.

The railroad companies charge the United States by the pound for carrying the mail on their trains, but it would make too much work for them to weigh it all, so every four years the government puts men on all the mail cars to weigh all the letters and packages carried for several days, then figure from that how much mail would be carried in a year, and for the next four years the railway company is paid on that basis. In the last four years the mail business in the middle states has become very much larger.

LAW FOR FILING DEATHS

New Provision Will Soon Go Into Effect In This County.

A new law is about to go into effect with reference to the filing of certificates of births and deaths. Prior to this time the law has provided that certificates of deaths should be filed with the register of deeds, and that a fee of 25 cents should be paid by the county to the physician filing such certificates. Those certificates which physicians failed to file were to be filed by the health department. This provision was somewhat complicated throughout, and has been modified under the new law.

The measure now about to go into effect provides that all death certificates be filed with the Health department, which, in return, will make monthly returns to the register of deeds.

Chicago Live Stock Report.

Chicago, May 2.—This market had quite agreeable tone all around today, arrivals about up to average for the second market ay finding sale in good time at prices close to the level of Monday's sales. Most of the useful cattle found ready outlet at yesterday's prices and packing droves were made up within a cent or two of the average cost of such the day before. Fat handy-weight sheep and shorn lambs sold a point higher but heavy shorn sheep were slow sale, and the woolled lambs sold right at Monday's prices. Today's receipts were estimated at 3,500 cattle, 19,000 hogs and 12,000 sheep. Most of the really useful offerings in every line found sale before noon.

Peter Maher and Ruhlman Draw.

New York, May 3.—Peter Maher and Gus Ruhlman Tuesday night fought the fastest heavy-weight bout ever seen in this city, and in spite of tremendous punishment both men went the limit—twenty rounds. It was a draw and each man had equal honors. Maher was woefully punished. He left the ring a mass of bruises, both eyes completely closed. Ruhlman showed but little less the marks of battle, and, in spite of having the better of the last part of the fight, lacked steam enough to put out Maher, who proved his gameness and capacity for punishment till it will never be questioned.

Alger Talks of Uoof and Conquest.

Detroit, Mich., May 3.—In his speech at the Sons of the American Revolution banquet here Secretary of War Alger said:

"Supposing the soldiers had a little beef spoiled, what of it? If they had no beef at all they would have had more than Gen. Joe Wheeler and I had in that other war."

"Whatever else may be, we can be assured that as the flag has been raised in Porto Rico and the Philippines there it will remain. These islands are ours."

CYRANO DE BERGERAC AT GRAND TONIGHT

A WEEK OF FUN FOR LOCAL THEATRE-GOERS.

A Fair Sized Audience Last Evening Witnessed the Presentation of "Fortune's Fool"—Good Attraction Is Booked for This Evening—Ferris' Comedians Strike a Popular Chord

Ferris' comedians are striking a popular chord with the theater going people of the Bower City and the longer their stay the better they are liked. In these times when men's souls are tired with the cares of life, the amusement seeking public asks simply to be amused, and in this aggregation of merry makers with a repertoire of high-class attractions, the demand is fully met.

Last evening they were greeted by a fair-sized audience, though not as large as the previous evening, which was no doubt due to the inclemency of the weather.

The bill last evening was "Fortune's Fool," a story of Chicago life, written by Frederick Graham, a member of the

company. Although it failed to make the hit that the first night's performance did, it was well received nevertheless. Every part in the cast was well taken and the specialties were excellent. The dancing by Paus Le Petre and Sam Mylie were features that pleased all. The novelty dance by Misses Hayward and May and the singing by Mr. Graham, were also very pleasing features.

Fun Supreme Tonight

That is about the only adequate terms with which to describe the performance of Ferris' comedians this evening at the Myers Grand opera house. Tonight the company will present the famous heroic comedy, "Cyrano de Bergerac," giving everybody an opportunity of seeing this great production. The company promises an elaborate performance with band some costuming and special scenery. There is not a dull moment from the rise to the fall of the curtain and your merriment is only interrupted by the best specialties you have ever seen, even in the more pretentious, high priced organizations. Their performances are such any lady can attend without the slightest fear of offense and a special invitation is extended them. There will be an entire change of bill and specialties every night. Prices 10, 20 and 30 cents, no higher. Secure your tickets early and get good ones.

WHITE PEOPLE IN DANGER.

At Mercy of Rebels in Outskirts of Apia.

HOSTILITIES MUST GO ON.

The Order from the Powers to Cease Warlike Operations Is Construed by the Natives as a Sign of Defeat—American Store Looted.

Wellington, N. Z., May 3.—Advices from Samoa indicate that the instructions received from the powers to cease hostilities make the situation in the islands very serious, as the rebels hold the main food supplies and are again near the municipality of Apia. The correspondent of Reuter's News Agency thinks it is evident that the home authorities have misunderstood the situation in Samoa. The Germans and rebels are already jubilant, and claim a victory over the British and American forces. The correspondent says that unless the rebels are made to submit the difficulties will remain unsolved. The white people in the outskirts of the city are at the mercy of the rebels. The American vice consul's store at Fafala was looted last week, while a German store adjoining it was left untouched. British and American residents all strongly condemn the action of the powers in ordering a cessation of hostilities at this stage.

Two days after the last battle at Vailima Lieut. R. A. Gaunt of the British cruiser Porpoise marched his brigade into Vailima unopposed, and was followed by a company of British blue jackets under Capt. Sturdee and Lieut. Cave. Inspection of the battlefield shows that the defenses erected by the rebels near the home of the late Robert Louis Stevenson were strong and well planned. The loss sustained by the rebels, it is evident, was much greater than was at first supposed. The main section of Mataafa's followers who were engaged in the battle of Vailima retreated westward to Lulu-moenaga, where they lay in wait for the friendlies. Orders had been given them to capture Lieut. Gaunt's head. The rebels were also anxious to secure the superior weapons with which his brigade is armed.

It is rumored that thirteen boats filled with armed rebels are approaching from the east. The town appears to be safe.

CATARRH OF THE STOMACH.

A Pleasant, Simple, Safe but Effective Cure for It.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloated sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing; headaches, sickle appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure of this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate, mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrh condition will have disappeared.

According to Dr. Harlanston the safest and best treatment is to use after each meal a tablet, composed of Diatase, Aseptic Pepsin, a little Nux. Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

Mr. N. J. Bocher of 2810 Dearborn St., Chicago, Ill., writes: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of stomach, biliousness, sour stomach, heartburn and bloating after meals.

Send for little book mailed free, on stomach troubles, by addressing Stuart Co., Marshall, Mich. The tablets can be found at all drug stores.

GEN. FUNSTON'S RECORD

Col. Fred Funston, commander of the Twentieth Kansas regiment, who was promoted for bravery, is a soldier "from the ground up," and fighting is not a new thing with him. News dispatches say that he fought in Cuba with the Cuban army until the destruction of the Maine brought him back to his own country. He is but 33 years old, yet he has engaged in twenty-three battles in Cuba and eight or nine more in Luzon. His left arm has been mutilated for life by a shell, his lungs pierced by a Mauser bullet, his thigh crushed by a horse plunging during battle, his system racked by Cuban fever. He was captured by the Spaniards in Cuba, and sentenced to death, but escaped. While on an expedition to Alaska he was pitched into the Yukon river and narrowly escaped drowning. Within the circumference of the Arctic circle he was nearly frozen to death, and then fought pneumonia to the very door of death. Of practically no physique, but 5 feet 4 inches in height and weighing 115 pounds, his endurance and escapes make him one of the most remarkable personages connected with the American army. And the regiment is a decidedly uncommon one too. The selection of the men was largely left to Col. Funston; and that his judgment was exceptionally good is proved by the terrible deeds his men are performing in the island of Luzon.

The men are Kansas farmers, of the horny handed type; bullwhackers from the plains, blacksmiths, city laborers, descendants not only of the old Free Soil settlers, but of the early Confederate rangers; men who can shoot, swim, live on air, shuffle Spanish solitaire, and sing a hymn.
Funston found them, Funston welded them together, Funston said they would be to Luzon what Roosevelt's Rough Riders were to Cuba, and his word has come true.

The Chicago "anti-expansionists," we hope, will be able to expand enough to support the American flag. And if not, we trust that they will be able to arrange things so that they can leave the country. There is not room enough in the United States for men who publicly declare, as did Prof. Laurence Laughlin, of the Chicago University, that the stars and stripes are "the emblem of tyranny and butchery."

An exchange says that after one prize fighter had killed another in a match at Atlanta, Ga., all the "principles" were arrested. We are glad to know that such is the case, for the popular supposition is that the prize fighters have no principles.

Dr. George Fife, who was elected health officer by the common council, is a man of fine attainments both personally and professionally, and that he will be an efficient officer goes without saying.

"Sink or swim, live or die, survive or perish" said Col. Funston, adapting Daniel Webster's famous expression to the circumstances, "I give my heart and hand to this effort," and then he plunged into the river.

A change in the manner of selecting a street commissioner may be desirable; but a change in the method of doing the street work is of much greater importance.

George M. McKey is thoroughly familiar with both the fire and police departments and will fill the position of commissioner with credit.

Illinois congressmen have held a caucus and decided to support Mr. Hopkins for speaker of the house.

The laundry trust will probably be able to clean up a goodly sum each year.

While the peanut trust will surely get roasted by the press and populace.

LABOR LEADERS
HERE TOMORROW

ARRANGE DETAILS FOR STATE CONVENTION.

Forty Delegates Will Arrive Next Month To Attend Meeting Which Will Last Three Days—Dance and Boat Ride Will Be Provided—Prominent Speakers Will Come.

Charles W. Teney, of Milwaukee, a member of the executive board of the state federation of labor, will arrive in Janesville tomorrow to make arrangements for the three day state meeting of the federation of labor to be held here next month.

R. A. Pratt, of Milwaukee, a man prominent in labor circles, will accompany Mr. Teney in the interest of the state labor directory.

June 13, 14 and 15 are the dates on which the meeting will be held and a most interesting program is now nearing completion in the hands of the different committees.

Forty delegates coming from all sections of the state are expected and while here they will be given a royal good time from early till late.

The local committee, with Wm. Mason as chairman, has neglected nothing that will add to the pleasure of the visiting delegates.

The Armory will be headquarters and on the evening of June 14 a dancing party will be given, followed the next evening by a moonlight ride up the river.

At the business sessions to be held several matters of importance will be brought up of special interest to the laboring classes. Speakers who have a wide reputation will be in attendance.

Saved by Baking Powder.

New York World: Here is a new use for baking powder—it is a Bloomfield (N. J.) idea. Arthur Distin had the powder and he was distributing sample packages of it here on Saturday afternoon. Suddenly, in Orchard street, a giant setter dog leaped upon the man and buried its fangs in Distin's left arm. Distin threw off the dog. The big beast prepared to spring at him again, but the man was too quick for him. With ready presence of mind he broke open a package of his baking powder and hurled it full in the dog's eyes. The brute was blinded and ran about howling with pain. Distin never stopped running until he had gone half a mile. Then he found Dr. Van Gieson and had the wound cauterized. He thinks more of his baking powder now than ever.

DAMAGE SUIT LAW IS NOW IN FORCE

Double Action Cannot Be Brought Hereafter.

HUSBAND GETS NO BALM FOR INJURED FEELINGS.

Wife May Recover For Injuries, But Her "Society and Services" Cannot Be Valued at \$5,000 by Future Jury—Ice and Snow Must Have Been Allowed To Lie For Three Weeks Before a Claim of That Kind Will Stick—Law is Full.

The damage suit bill drawn by City Attorney Fred C. Burpee, is now a law—thanks to the hard work of Senator Whitehead and Assemblyman Wheeler—and hereafter the people will have a few rights. The bill was signed by the governor on April 20 and published in the official paper on May 2.

Under its provisions two actions cannot be brought because of one injury—the wife may recover because of her fall, but the husband cannot collect anything for "the loss of services and society," etc. This is one branch of the so-called "industry" wiped out completely.

The law also provides that notice of injury must be filed within thirty days. It is further provided that no action shall be brought because of injury by reason of a fall caused by snow and ice, unless the accumulation shall have been allowed to lay on the walk or highway for three weeks.

Its provisions are made to apply to townships as well as cities, and hereafter all suits brought must comply with its requirements.

The Law in Full.

The law reads as follows:

CHAPTER 305.

Naval officers who wore the offending mustache have occupied themselves since the promulgation of the order in raising a beard to match, or else have shaved altogether. His majesty has no objection to the mustache when it keeps company with a beard on the face of the sea-fighter, but he will have no naval faces decorated in the fashion he has chosen for his own.

ARE TREATED AS SEDITIOUS.

Anti-Imperialist Documents Taken from Mails.

ATTORNEY-GENERAL'S VIEWS

Postal Authorities Have the Right to Prevent the Pamphlets Sent by Edward Atkinson of Boston from Reaching Our Soldiers in the Philippines.

Washington, May 3.—It was decided at the cabinet meeting yesterday to seize and destroy literature prepared by the Anti-Imperialist league of Boston for circulation among the troops in the Philippines.

The attorney-general holds that under section 5384 of the revised statutes every one who advises the soldiers not to re-enlist or who criticizes the policy of the government is guilty of assisting in insurrection against the United States, and therefore punishable.

It was stated after the cabinet meeting that it was not proposed at present to cause any arrests. The postoffice department will make every effort to free Manila mails of the objectionable matter, but should it be found that the warning and the precautions do not avail recourse will be had to the courts.

The action taken by the postmaster-general was that of directing the postmaster at San Francisco to take out of the mails for Manila three pamphlets issued by Edward Atkinson of Boston, vice-president of the Anti-Imperialist league. This order does not apply to the circulation of the pamphlets by mail in this country, but bars their dispatch from this country to the Philippines, discontent and even mutiny among the soldiers being stated by the department to be the design of these publications. The three pamphlets are specifically described, and in no circumstances are they to be forwarded by mail to the Philippines.

I have been a sufferer from chronic diarrhoea ever since the war and have used all kinds of medicine for it. At last I found one remedy that has been a success as a cure, and that is Chamberlain's Colic, Cholera and Diarrhoea Remedy.—P. E. GRISHAM, Gaars Mills, La. For sale by People's Drug Co.

Smallpox Attacks Children.

Davenport, Iowa, May 3.—Three cases of smallpox exist at Le Claire, twenty miles from here. The patients are children and their homes have been quarantined.

Whooping Cough.

I had a little boy who was nearly dead from an attack of whooping cough. My neighbors recommended Chamberlain's Cough Remedy. I did not think that any medicine would help him, but after giving him a few doses of that remedy I noticed an improvement, and one bottle cured him entirely. It is the best cough medicine I ever had in the house.—J. L. MOORE, South Burgetts-town, Pa. For sale by People's Drug Co.

Coghlan to Retain Command.

Washington, May 3.—The president has decided to permit Capt. Coghlan to retain command of the Raleigh.

Many old soldiers now feel the effects of the hard service they endured during the war. Mr. Geo. S. Anderson, of Rossville, York county, Penn., who saw the hardest kind of service at the front, is now frequently troubled with rheumatism. "I had a severe attack lately," he says, "and procured a bottle of Chamberlain's Pain Balm. It did so much good that I would like to know what you would charge me for one dozen bottles." Mr. Anderson wanted it both for his own use and to supply it to his friends and neighbors, as every family should have a bottle of it in their home, not only for rheumatism, but lame back, sprains, swellings, cuts, bruises and burns, for which it is unequalled. For sale by People's Drug Co., corner Main and Milwaukee streets.

New York, May 3.—Formal announcement of the organization of the American Hide and Leather company is made. The company will soon be incorporated with a capital of \$70,000,000.

MARLE CITY Self Washing soda washes white clothes and sets fast colors.

Strike Results in Shooting.

Buffalo, N. Y., May 3.—William H. Kennedy, nephew of a grain-shovel contractor, was shot and seriously wounded Tuesday during a clash between the Connors-Kennedy shovellers and the strikers. James Hennessy, a member of the fire department, was hit by a stray bullet and slightly injured. Of five shots fired into a crowd by "Buck" Skinner only these two took effect. Skinner was captured.

Sevall Resigns the Place.

Bath, Me., May 3.—It is announced that Mr. Sevall does not expect to be associated with Mr. Bryan on the democratic ticket next year, not because he is at all at variance with Mr. Bryan's views, but because he himself thinks that the ticket can be strengthened throughout the country by the nomination of a vice presidential candidate from one of the southern states.

State Rights Are Paramount.

Fort Smith, Ark., May 3.—In the injunction case of the Kansas and Texas Mining company against the striking miners the cross-injunction issued by the state court has been made perpetual, Judge Rowe overruling the motion to dissolve and holding that the rights of the state were paramount to the federal authority in such cases.

PRESIDENT IN WASHINGTON.

His First Act Was to Call on the Vice President.

Washington, May 3.—President McKinley and party arrived in this city safely Tuesday morning, having visited Philadelphia, where the Grant monument was unveiled, and New York.

The president's first act after reaching the executive mansion was to call on Vice President Hobart. He was returning alone on foot just as a corporal and five enlisted men of the One Hundred and Sixty-first Indiana volunteers were leaving the white house. He stopped and shook hands with each of them, saying a few words of welcome, and passed on. The president found Mr. Hobart improved and gaining in strength.

Gen. Torrens Must Quit.

New York, May 3.—A special to the Herald from Washington says: "As a result of Gen. Torres' oppressive conduct toward American merchants trading at Bluefields, Nicaragua, this government has determined to require the Nicaraguan government to relieve him from duty at that point. It is the understanding of the officials that the demand has already been submitted for the punishment of Gen. Torres and no doubt exists that the Zelaya government, to show its friendship for the United States, will take proper action."

To Claim School Sections.

Durango, Cal., May 3.—Register Chipley of the state board of land commissioners arrived here this morning for the purpose of making a filing on behalf of the state on sections 16 and 36 of each township in the Ute reservation, which are claimed by the state under the school land grant. This filing is made with a view to a contest, Land Commissioner Hermann having directed the land office to allow entries by homesteaders and others to the sections in dispute, which aggregate over 50,000 acres.

Dominion Enjoys Prosperity.

Toronto, Ont., May 4.—In introducing the new budget before the Dominion parliament Minister of Finance Fielding spoke for about five hours, carefully reviewing the conditions of the country. According to the minister, the dominion is most prosperous financially, having a surplus of \$4,000,000. Practically no change will be made in the Canadian tariff.

Altgeld is Slightly Better.

Chicago, May 3.—Ex-Gov. Altgeld rested easier yesterday and his physicians felt greatly encouraged. His general condition improved, but the change was slight. The ex-governor's illness is likely to take a turn one way or the other at any time. In spite of the slight encouragement yesterday, the greatest anxiety is felt for him.

Spring Rush of Immigrants.

New York, May 3.—The spring rush of immigrants into this country through the port of New York has been unusually great since the opening of the season some weeks ago, there having been an average of 2,000 persons landed each day.

Kyle Resigns Chairmanship.

Washington, May 3.—Senator Kyle of South Dakota has tendered his resignation as chairman of the industrial commission. This action was taken on account of the senator's ill health. He will continue, however, to serve as a member of the commission.

Asbestos Mine Sold for \$200,000.

Atlanta, Ga., May 3.—The asbestos mine at Sall mountain, in White county, has been sold for \$200,000 to Bancroft & Kennick, mining engineers of London. The sale on the basis of \$200,000 is the greatest amount ever paid for a mine in the state of Georgia.

It's the Baby Bo Cutting Teeth.

Be sure and use the old and well tried remedy, Mrs. Winslow's Soothing Syrup, for children's teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

It's better than ready money, because it makes people happy by making them well. Good luck comes to all who use Rocky Mountain Tea. Smith's pharmacy kodak agency.

Depew Will Vote for Quay.

Detroit, Mich., May 3.—When Senator Depew was asked what the senate is likely to do with Senator Quay, he replied that it was hard to say. "If I feel when I take my seat as I do now," said he, "I shall vote first for a rule governing the case, applicable to republicans and democrats alike, and then vote to seat Quay."

TAXATION LEGISLATION.

Gov. Pingree Sends a Special Message to the Michigan Legislature.

Lansing, Mich., May 3.—Gov. Pingree sent a special message to the legislature Thursday urging the passage of a new bill providing for a state board of assessors for the property of railroad, express, telegraph and telephone companies and the taxation of such property on an ad valorem instead of a specific basis.

He further recommended that laws be enacted to correct existing inequalities in taxation whereby the property of corporations fails to bear its share of the taxes, and urged that, if the legislature did not see fit to repeal all existing special railroad charters, such charters be amended so as to bring the companies under the general

railroad law, so far as rates of fare and taxation are concerned.

The message also advocated the creation of a state board to hear appeals and adjust inequalities in assessments.

To Investigate the Trusts.

Washington, May 3.—Trusts are to be the subject of an extended investigation by the industrial commission during the present month. This investigation is to go into the details of their organization, their effect on prices, competition, wages and the employment of labor, and their general economic effect. The sugar and whisky trusts will come in for an extended investigation, but it is probable the most attention will be given to the Standard Oil trust.

THERE are women everywhere who suffer almost constantly because they cannot bring themselves to tell all about their ills to a physician.

Such women can surely explain their symptoms and their suffering by letter to Mrs. Pinkham at Lynn, Mass., for the confidence reposed in her has never been violated. Over a million women have been helped by her advice and medicine.

Mrs. Pinkham in attending to her vast correspondence is assisted by women only. If you are ill, don't delay. Her reply will cost you nothing and it will be a practical help as it was to Miss ELLA E.

BRENNER, East Rochester, Ohio, who says: "I shrunk from the ordeal of examination by our physician, yet I knew I must have treatment. My troubles were backache, nervous tired feeling, painful menstruation and leucorrhoea. I am so grateful to you now that I am willing to have my name published to help other girls to take their troubles to you. Lydia E. Pinkham's Vegetable Compound used as you wrote me has made me entirely well and very happy. I shall bless you as long as I live."

Mrs. Pinkham receives thousands of such letters from grateful women.

MISS NELLIE RUSSELL, of 138 Grace St., Pittsburg, Pa., in a letter to Mrs. Pinkham says: "From childhood I suffered from kidney trouble and as I grew older my troubles increased having intense pain running from my waist to my womb and the menses were very painful. One day, seeing your advertisement in one of our papers, I wrote to you."

"When your reply came I began taking your Compound and followed your advice and am now in perfect health, and would advise any lady rich or poor to take Lydia E. Pinkham's Vegetable Compound, which I can praise above all other remedies. It is a wonderful help to women."

WINE OF CARDUI

A SURE MEDICINE.

HANDSON, Va., Dec. 51.

I have been suffering from female weakness for four years, and have taken many medicines, but Wine of Cardui and Black-Draught have done more for me than anything else.

MRS. CAROLINE EVANS.

Wine of Cardui

It is a mistake to take any and every kind of medicine when you are sick. There is danger in it. Most of the so-called cures for "female weakness" do nothing more than deaden the pain temporarily, and when the effect wears away the patient is weaker and sicker than before. It is never wise to take chances. You have only one life, and that is dear and precious. If you have any pain, ache, disorder or weakness in the female organs, nothing will help you like Wine of Cardui. It helps do away with morning sickness during the early stages of pregnancy, and modifies the pains of childbirth; recovery is rapid and future health is assured. The Wine is purely vegetable, being made of herbs whose medicinal properties act directly upon the organs of womanhood. It is a long-tried remedy, and has many years of success behind it. It is sure. Why take a chance medicine when you can get a sure medicine?

BIG LOAN ASSOCIATION FAILS.

Fidelity of Indianapolis Forced to Go Into Voluntary Liquidation.

Indianapolis, Ind., May 3.—The Fidelity Building and Savings Union, the best-known association in Indiana, gave notice Tuesday night of voluntary liquidation. Harry La Follette and the late Bruce Carr were the founders, and there are five series of stock issues for \$1,000,000 each.

The union operated extensively in Illinois and other states until headed off by adverse legislation. It met with heavy losses in Chicago and still holds much Chicago real estate, James E. Patten is president. He reports that all of the sources will pay out with the exception of No. 4, which is in doubt. This source is involved in Chicago holdings.

There are 5,000 stockholders and outstanding loans amounting to \$600,000.

TROIKA DRIVING IN RUSSIA.

There is Nothing Like It, Unless It Be a Ride on a Fire Engine.

We were promised our first Russian experience in the shape of a troika ride, writes Lillian Bell. A troika is a superb affair. It makes the tiny sledges, which take the place of cabs, and are used for all ordinary purposes, look even more like toys than usual. But the sledges are great fun, and so cheap that it is an extravagance to walk. A course costs only 20 kopecks—10 cents. The sledges are set so low that you can reach out and touch the snow with your hand, and they are so small that the horse is in your lap and the coachman in your pocket. He simply turns in his seat to hook the fur robe to the back of your seat—only it has no back. If you fall, you fall clear to the ground. The horse is far, far above you in your humble position, and there is so little room that two people can with difficulty stow themselves in the narrow seat. If a brother and sister or a husband and wife drive together, the man, in sheer self-defense, is obliged to put his arm around the woman, no matter how distasteful it may be. Not that she would ever be conscious of whether he did it or not, for the amount of clothes one is obliged to wear in Russia destroys any sense of touch. The horses are sharp shod, but in a way quite different from ours. The spikes on their shoes are an inch long and dig into the ice with perfect security, but it makes the horses look as if they wore French heels. Even over ice like sheer glass they go at a gallop and never slip. It is wonderful, and the exhilaration of it is like driving through an air charged with champagne, like the wine-caves of Rintz. Driving in the country we could not tell how fast we were going. But in town, whizzing past other carriages, hearing the shouts of the idiosjlik, "Troika!" and seeing the people scatter

and the sledges turn out (for a troika has the right of way), we realized at what a pace we were going. Before we reached home we saw a Russian fire engine. We passed it on the run. The engine was on one sledge, and following it were five other sledges carrying hogsheads of water. After that drive I thought I knew just how it felt to ride on a fire engine.—Lillian Bell, in the Woman's Home Companion.

The Duke of Wellington.

The duke of Wellington had nothing like the creative, or, we may call it if we like, the aggressive, military genius of Napoleon. But he was the embodied genius of resistance. He had absolutely no military ambition whatever. His strong guiding force was simply a sense of duty to his king and to his country. In military, as in civil affairs, he was dominated by that same sense of duty. He had a patience which, as Macaulay says of a like quality in Warren Hastings, might sometimes be mistaken for the patience of stupidity; but those who counted on its being an evidence of stupidity were sure to be confounded in the end by the ever-watchful, sleepless intellect that was always on the alert to find a weak point in the plans, the policy, the strategy, and even the tactics of an opponent. The fates had brought the destructive and conservative forces of command into direct antagonism in the persons of Napoleon and the duke of Wellington. Wellington was nicknamed "the Iron Duke," and the nickname was a terse and admirable description of his character.—Justin McCarthy, in Modern England.

Convalescing

is more or less a very slow process, according to the severity of the sickness. Vitality, when at a low ebb, works at a great disadvantage, and more time is required to regain the lost strength and power.

Pabst Malt Extract The Best Tonic

produces marvelous results in such cases. The richness of the malt gives life to the blood and the hop principle gives tone to the stomach—creating both a desire for food and the ability to digest it.
